Roadie M. Lester
I-11 I certify that under requirements of P.A. 74, Michigan P.A. of 1970
the corner points mentioned in lines 1 and 2 above were identified with circuit to register index code diagram - ever true - in a
field survey on March 12, 1973, established, re-established, monumented, re-monumented, recovered or
restored as expressed below and in conformance with regulations and rules therefore as required in the current manual
of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a
court of law. Furthermore, that the corner points mentioned in lines 1, 2 and 3 above were, in a field survey on
1973, found, recovered, restored, established or re-established as expressed below and in conformance with the rules of the Michigan State Board of Registration for Land Surveyors or, by a Decree of a Court of
law.

A. Description of original monument and accessories obliterated: Record of this corner being re-establish-
ished on survey dated Nov. 21, 1869 by County Surveyor in re-survey of Section 27. He
set stone but called for no witnesses.
I-12 I certify that under requirements of P.A. 74, Michigan P.A. of 1970
the corner points mentioned in lines 1 and 2 above were, in a
field survey on March 12, 1973, established, re-established, monumented, re-monumented, recovered or
restored as expressed below and in conformance with regulations and rules therefore as required in the current manual
of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a
court of law. Furthermore, that the corner points mentioned in lines 1, 2 and 3 above were, in a field survey on
1973, found, recovered, restored, established or re-established as expressed below and in conformance with the rules of the Michigan State Board of Registration for Land Surveyors or, by a Decree of a Court of
law.

B. Description of corner evidence found and/or method applied in re-estabishing corner:
I-11 In survey on May 16, 1973 found a white stone on line with extensions of fences North
and West and on centerline of Roads South and East. Measurement North and South in close
accord with original government measurements.
I-12 Set railroad spike on line between NE Corner and SE Corner of Sec. and on old fence line to East, Meas. 2636.83' to North, Meas. 2687.40' to South.
I-13 Found NE Corner Section 3, T2N, R1E, from Ingham County Road Comm. witnesses. Set SE Corner Section 34, T2N, R1E, at recorded falling, West 3.96' on Township line.

Records of eight area surveyors show no additional or conflicting evidence.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:
I-11 Set 1/2 bar over white stone on this date and left with following witnesses:
Boatspike in East side fence anchor post, North, 31.04' - Nail & tag on East side
power pole, SW, 53.42' - Notch in top of West end C.H.P., SSW, 83.97'
I-12 Set railroad spike on this date and left with following witnesses:
Nail & tag in West side 12' walnut, SSE, 204.60' - Nail & tag in South side fence
anchor post, East, 27.68' - Nail & tag in South side power pole, NNE, 60.03'
I-13 Set 1/2 bar on this date and left with following witnesses:
Nail & tag in NE corner side power pole, NE, 49.06' - 1/2' rod at NE Corner Section 3, T2N,
R1E, East 3.96' - Centerline of U.S.8.91 bench mark, SW, 38.12',
Nail & tag in North side 40' oak, NWW, 187.42'.

Ronnie M. Lester, do hereby certify that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were, in a field survey on 10-19-79, established, re-established, monumented, re-monumented, recovered or restored as expressed below and in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a court of law. Furthermore, that the corner points mentioned in lines 3, 4 and 5 above were, in a field survey on 10-19-79, found, recovered, restored, established or re-established as expressed below and in conformance with the rules of the Michigan State Board of Registration for Land Surveyors or, by a Decree of a Court of law:

A. Description of original monuments and accessories and/or subsequent restoration:

I-1
Post set in original government survey by Joseph Wampler dated between February 8 and February 18, 1826. Corner referred to in subsequent surveys by A. Jackson, County Surveyor, March 23, 1855 (v.2, p.251) and March 24, 1855 (v.2, p.252). Corner identified as a 3/8" iron in the records of the Ingham County Road Commission, revised grid map, 1969.

B. Description of corner evidence found and/or method applied in restoring or re-establishing corner:

I-1
During investigation of corner, found 4'-0" bar on the centerline of Howell Road east and west and on the centerline of Williamston Road south and Bray Road north. Measured south + 1321' to I-2 and west + 3.97' to I-13 Wheatfield Tp., TN-R1E., with both measurements in close accord with G.I.O. distances. Accepted 4'-0" bar for corner. Investigation conducted by Ingham County Survey and Remonumentation Project crew.

C. Description of monuments for corner and accessories established to perpetuate locating the position of the corner:

I-1
SW Corner, Section 2, TN-R1E
Set 5'-0" x 18'-0" rerod and cap #18998 with concrete collar and cover in location of 4'-0" bar described above:
Nail & flag, northeast side 4'-0" wood post, SW, 61.22'
Top center buried cable box, SE, 67.59'
Nail & flag, north side 40'-0" Oak, SW, 141.53'
Top center buried cable box, NE, 41.73'
4'-0" iron rerod, I-13 Wheatfield Tp., TN-R1E., Ingham County, West, 3.97'

RONNIE M. LESTER, do hereby certify that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were, in a field survey on June 26, 1970, established, re-established, monumented, re-monumented, recovered or restored as expressed below and in conformance with regulations and rules therefor as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a court of law. Furthermore, that the corner points mentioned in lines 3, 4 and 5 above were, in a field survey on 1980, found, recovered, restored, established or re-established as expressed below and in conformance with the rules of the Michigan State Board of Registration for Land Surveyors or, by a Decree of a Court of law:

A. Description of original monument and accessories and/or subsequent restoration:

G-1
Post set in original government survey by Joseph Wumpler, February 8-13, 1867. Corner referred to in Miscellaneous Field Notes by W.H. Rayner, on November 6, 1867 and January 6, 1868.

B. Description of corner evidence found and/or method applied in restoring or re-establishing corner:

G-1
Excavated a hole 14' x 10' to an average depth of 3.5' on the centerline of Howell Road. Found no evidence of monumentation during excavation. Corner considered lost. Re-established corner on line between G-13 and I-13 Wheatfield Twp., T3N-R2E on GLO falling distance from G-13 Wheatfield. Measured east 3535' to H-1 Ingham Twp. Excavation conducted by Ingham County Survey and Remonumentation Project crew.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:

G-1
NE Corner, Section 4, T3N-R2E
Set 4" x 36" concrete monument with 4' x 38" rod and cap #18998 with concrete collar and cover in location described above:
Nail § tag, #18998, north side 30' Walnut, NWS, 187.70'
Railroad spike, G-13 Wheatfield Twp., T3N-R1E, Ingham County, West, 9.24'
Stephens nail § tag, south side fence post, NWS, 36.22'
Center 4" gas pipeline warning post, NWS, 81.56'

Ronnie M. Lester, do hereby certify that under requirements of Act 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were, in a field survey on August 1, 1969, established, re-established, monumented, re-monumented, restored, or restored as expressed below and in accordance with regulations and rules therefore as required in the current manual of survey instructors of the United States Department of the Interior, Bureau of Land Management or by a decree of a court of law. Furthermore, the corner points mentioned in lines 3, 4 and 5 above were, in a field survey on December 1, 1969, found, restored, established or re-established as expressed below and in accordance with the rules of the Michigan State Board of Registration for Land Surveyors or, by a decree of a Court of law.

H-1 A. Description of original monument and accessories and/or subsequent restoration:

No post set in original government survey.
Corner referred to in a survey by W.H. Raynor, Co. Surveyor, November 6, 1867 in Miscellaneous County Surveyor's records.

H-1 B. Description of corner evidence found and/or method applied in restoring or re-establishing corner:

Excavated a 10' x 16' hole to an average depth of 3.5' on the centerline of Howell Road, +315.0' west of the centerline of Sweeney Drain. No evidence found. Excavated a 5' x 7' hole to an average depth of 3.5' at the computed location of H-1 Ingham, on the centerline of Howell Road, +330' west of the centerline of Sweeney Drain. No evidence found. Corner considered lost. Set corner midway between G-1 and I-1 on the standard township line, +2.0' south of the centerline of Howell Road, 6.63' east of H-13 Wheatfield. Measured east 2634.8' to I-1 Ingham. Measured west 2634.8' to G-1 Ingham.
Excavation conducted by Ingham County Survey and Re-monumentation Project crew.

H-1 C. Description of movement for corner and accessories established to perpetuate locating the position of the corner:

A. Description of original monument and accessories and/or subsequent restoration:
H-2 No record of corner being established in original government survey.
A. Jackson, County Surveyor, established this corner in a survey dated 11/25/1847.
Survey called for a post with monuments: 13° maple, S6°E, 36 1/2 links and 18° maple, S17 1/4 E, 39 1/2 links.

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:
H-2 Field investigation at this corner revealed no evidence of post or witnesses as called for by Jackson or Rayner. An old fence corner post was found with old fences North, South, East, and West. Accepted this fence corner post as location of corner as established and perpetuated by County Surveyors. Measured West, 2651.7 ft (Rayner 2648.6 1867) Measured East 2655.6 (Jackson 2616.3 1847) Measured South 2618.6 (Jackson 2618.6 1847) Measured North 3281.4 (Rayner 3275.5 1867)

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:
H-2 1/2" bar at base of fence corner post on Southwest side.
Set nail and tag on West side of triple 15' cherry, N.E.E., 8.1'
Set nail and tag on West side of triple 10' cherry, N.N.E., 79.5'
Set nail and tag on West side of triple 12' elm, South, 50.2'
Set nail and tag on West side of fence post, North, 10.4'
