 Do Hereby Certify that I did, on the application of E. A. Callkins County Surveyor of said County,
D. J. Grimes Matthew Schuman and
C. C. Doris

Section 31, in the Township of White Oak, Town 2, North, Range 2 E
 on May 31st, 1900, at the 1st, 2nd, & 4th days of June A.D. 1900, and the following persons acted as chainmen, first being duly sworn, to-wit: D. J. Grimes, Nathan Brimington, Matthew Schuman and C. C. Doris
 And I Further Certify that I have compared the foregoing copy with the original minutes made by me at the time of the survey, and that it is a full and true copy of the minutes of such survey, which minutes give the magnetic variation at the initial point of the survey.

INGHAM COUNTY, MICHIGAN.

TOWN One NORTH, RANGE One East, MERIDIAN OF MICHIGAN.

Survey of the North west 1/4 quarter of Section No One in Township No One North Range No One East as shown by the plat with letters of reference to lines and corners with the distances between the same which are given on the lines.

It will be seen by comparing this record with the U.S. Survey that this quarter section covers about eight acres and that the bearings of the east & West lines cannot be paralleled with the township lines.

The divisions at D and F were made according to law as follows

A.G. by U.S. Survey = 43.27 chs. by present survey it = 43.90 chs.

Then $43.27 - 43.90 = 20.00 - 21.20 = 7.90$

And A.G. (43.90) - 7.90 (21.20) = A.F. 24.70

The division of C & D was made in the same manner.

The corners as located are thus described.

- 1 = Post 11.03 in dia. bears $N 8^{\circ} W$ 51 lks
- 2 = " " " 14 " " " $S 1^{\circ} E$ 19 3/4 "
- 3 = a point 18 1/2 lks east from Ingham to post.
- 4 = Post Hickory 4 in dia bears $S 44^{\circ} W$ 51 3/4 "
- 5 = " 16.07 " " " $N 87 1/2^{\circ} W$ 41 1/2 "
- 6 = Stone and brick set for corner.
- 7 = Original 1/4 post in Swamp No trees near.
- 8 = a stone. Corner located by A Jackson May 20th 1843.
