The corner "e" should be by the original notes of Leroy Township but 142 1/2 links N. by of corner "c" I find it by the corners to be 162 1/2 links. "e" was set by Jackson and has always been maintained in its present location. The corner was no doubt erroneously set by Jackson. The purpose of this survey was to find or establish the corners "a" and "f."

Magnetic Declination of 10' 0" was allowed
