Center of Section 20, T3N, R2E, Leroy Township
Set 1/2" Rod & Cap #28414 in weed line between 2 farm fields, 80' East of drain.
Set N&T #28414 in North side 6" Ash, N65°W, 80.38'
Set N&T #28414 in North side double 8" Elm, West, 75.70'
Set N&T, #28414 SE side 8" Elm, S70°W, 152.75'

DESCRIPTION: (As provided this office)
Beginning at the Northwest Corner of Section 20, S04°09'35"E on the West Section Line 442.73 feet; thence N89°01'45"E 558.00 feet; thence S04°09'35"E 468.40 feet; thence N89°01'45:E to the North–South 1/8 line of the Northwest quarter of Section 20; thence North on said North–South 1/8 line to the North Section line; thence West on the North Section line to the point of beginning containing 22 acres more or less.

The above was field surveyed and more particularly described as:

A part of the Northwest 1/4 of Section 20, T3N, R2E, Leroy Township, Ingham County, Michigan, described as beginning at the Northwest Section Corner; thence N89°01'45"E 1335.20 feet along the North line of Section 20 to the North–South 1/8th line of the Northwest 1/4 of said Section; thence S05°12'56"E 883.97 feet along said 1/8th line; thence S87°52'10"W 773.82 feet; thence N05°19'10"W 468.40 feet; thence S87°52'10"W 558.00 feet to the West line of Section 20; thence N05°19'10"W 442.73 feet along said Section line to the point of beginning containing 21.43 acres of land more or less and subject to any easements or rights of way of record.

The basis of bearing for this survey is based on a survey by Ron Helsel, Liber 2 of Surveys, Page 150, Ingham County Records.

I hereby certify that I have surveyed and mapped the land above platted and/or described on May 9, 2007, and that the ratio of closure on the unadjusted field observation of such survey was 1/15000, and that all the requirements of P.A. 132, 1970 have been complied with.

DESCRIPTION AS FURNISHED

Parcel 2: Beginning on the South line of Section 18, T3N, R2E, at a point 224.0 feet West of the South 1/4 corner of Section 18, T3N, R2E; thence West 125.0 feet on the South line of said Section 18; thence North 429.0 feet; thence East 125.0 feet; thence South 429.0 feet to the point of beginning; Leroy Township, Ingham County, Michigan.

DESCRIPTION CONSEQUENT TO FIELD RETRACEMENT SURVEY

A parcel of land in the Southwest Fractional 1/4 of Section 18, Town 3 North, Range 2 East, Leroy Township, Ingham County, State of Michigan, more particularly described by Darrell Hughes, Michigan Registered Land Surveyor No. 19834, as beginning at a point on the center line of the Holt Road pavement, said point being distant the following two courses, from the South 1/4 corner of Section 18; South 08 degrees 52 minutes 50 seconds East 8.33 feet, to a found PK nail at the center line of the Holt Road pavement; thence South 87 degrees 29 minutes 32 seconds West 224.00 feet, along the center line of the Holt Road pavement, to the point of beginning; proceeding thence, from said point of beginning, South 87 degrees 29 minutes 32 seconds West 125.00 feet, along the center line of the Holt Road pavement; thence North 02 degrees 43 minutes 00 seconds West 429.07 feet; thence North 87 degrees 34 minutes 32 seconds East 125.00 feet; thence South 02 degrees 43 minutes 00 seconds East 428.89 feet, to the point of beginning, containing 1.231 acres. Subject to the rights of the public over that part used for Holt Road.

BEARING REFERENCE

The bearings were identified from True North as observed and measured by Global Positioning System (GPS) methods.

PARCEL IDENTIFICATION NUMBER

33-08-08-18-300-009

SOUTHWEST CORNER OF SECTION 18, T3N, R2E, A-07

Found 1/2" boat spike in the center line of Meech Road and Holt Road, 2.27 feet North of M-07, T3N, R1E, and in position as recorded in LCRC No. 190, Liber 1, Pages 379 and 380, Ingham County Records.

SOUTH 1/4 CORNER OF SECTION 18, T3N, R2E, B-07

Found 1" square steel bar, 0.1' below asphalt, 2.6' South of the North asphalt pavement edge of Holt Road and in position as recorded in LCRC No. 968, Liber 3, Page 581, Ingham County Records.

CENTER OF SECTION 18, T3N, R2E, B-06

Found 5/8" rerod with cap #28409 as set by Ronald Enger in fence corner post hole and is in position as recorded in LCRC, Book 12 of Land Corners, Page 319, Ingham County Records.

A RETRACEMENT SURVEY OF FIVE PARCELS AS ORIGINALLY SURVEYED AND STAKED IN 1968 & 1971

SURVEYOR'S OBSERVATIONS, REPORT AND OPINION:

On October 09, 2007, Richard and Beth Bisel retained our services to perform a boundary survey of a parcel of land conveyed to them on April 2, 1968 and described in a Warranty Deed, recorded April 10, 1968 in Liber 964, Page 1191, Ingham County Records.

The Bisel parcel is one of five parcels, which are adjacent to each other and comprise an area of 699 feet, East and West, by approximately 429 feet, North and South in the Southeast corner of the Southwest Fractional 1/4 of Section 18, Town 3 North, Range 2 East, Leroy Township, Ingham County, State of Michigan. The description furnished states: Parcel No. 2: Beginning on the South line of Section 18, Town 3 North, Range 2 East, at a point 224.0 feet West of the South 1/4 corner of Section 18, Town 3 North, Range 2 East, thence West 125.0 feet on the South line of said Section 18; thence North 429.0 feet; thence East 125.0 feet; thence South 429.0 feet to the point of beginning; Leroy Township, Ingham County, Michigan.

For explanation purposes, we are identifying each of the five adjacent parcels by the last three digits of their tax identification number and the last name of present owners. The five adjacent parcels are numbered from East to West in the following manner: 011(Volunteers of America, Michigan), 010 (Christie), 009 (Bisel), 016 (Bamfield) and 015 (Ellsworth-Laitala). To the North of the five adjacent parcels is parcel 006 (Bullis) and to the West are parcels 006 (Bullis), and 007 (Sevic).

On March 6, 1968, Fred White, Fred White Engineering Company, Lansing, Michigan, surveyed, staked and authored the original descriptions for parcels 009 and 010 as shown on his survey No. 688929.

On May 24, 1971, Oscar Boss, Boss Engineering, Howell, Michigan, performed a survey for a 65-acre parcel, being a part of the Southwest Fractional 1/4 of Section 18 and lying North of White's two-parcel survey and he identifies, on the survey, that he found the iron rods set by White, namely, the North two survey irons for the Bisel parcel (009) and the Northeast corner iron for parcel 010 (Christie) lying adjacent to and East of 009 (Bisel), said iron being also the Northwest corner of parcel 011 (Volunteers of America, Michigan). He also set the Northeast corner of parcel 011 at 99 feet East of the Northeast corner of parcel 010 in a North-South fence line. He also set two irons West of the Northwest corner of parcel 009, one at 175 feet and the other at 350 feet, being the Northwest corner of parcel 015 (Ellsworth-Laitala). The field notes taken for the May 24, 1971 survey also show that Oscar found the Southwest 33-foot road right of way iron, set by White, for the Bisel (009) parcel at 33 feet North of the center line of the Holt Road pavement. He also found an iron rod in the center line of the Holt Road pavement at 873.7 feet East of the Southwest corner of Section 18 and set a Parker-Kalon cement nail (PK) in the center line of the Holt Road pavement at the Southeast corner of parcel 011, being 699 feet East of the Southwest corner of parcel 015. He also found a small PK nail with washer at 8.0' North of the PK he set. The "small PK nail with washer" may have been replaced with a 1" square iron bar, which we found while performing this retracement survey. Ron Helsel, RLS 18994 recorded a Land Corner Recordation Certificate, dated 5-7-1976 and recorded 6-30-1976 in Liber 3, Page 581, Ingham County Records. He states, "All available accessories lost & obliterated. Found 1" square bar 8' +/- North of the centerline of Holt Road on line with fences North & PL (property line) to South. 1" square iron bars were commonly set by Road Comm. in (the) 1930's".

SCALE: N/A	DATE: 11–20–07	DR. BY: MM	CHK: DDH
	SHEET: 4 of 6	FILE : 27237.DWG	JOB No. 27237

From our research, information provided to us and our field retracement survey for the five subject parcels, we have found that the first two parcels (009 and 010) surveyed out of the Southeast corner of the Southwest Fractional 1/4 of Section 18 were surveyed and staked by Fred White, Fred White Engineering Company, Lansing, Michigan, in March of 1968. The center line of the Holt Road pavement was used as the South line of Section 18, being about 8 feet southerly of the South line of Section 18 as established by Ron Helsel in 1976. The existing North-South farm fence was used for the North and South 1/4 line of Section 18. This line is about 4 feet easterly (at the Northeast corner of parcel 011) of the North-South 1/4 line as established by Ronald Enger, LLS 28409. His 3-page Certified Land Survey for parcel 010 (Christie), dated 10-02-2006, is recorded in Book 9 of Surveys, Page 361.

SUMMARY

In 1971, Oscar Boss, extended the North line of Fred White's two-parcel surveyed configuration from the Bisel's (009) West line to 350 feet West. From the Northeast corner of Christie's (010) he extended the line 99 feet East and set an iron rod in the North-South fence line, being the Northeast corner of parcel 011, conforming with the White survey and forming the exception to his 65-acre survey. In July and December of 1971, Oscar Boss divided the 65 acres into 6 parcels. Parcel 5 of Boss' survey (006) is adjacent to and abuts the North line of the 5-parcel exception and is adjacent to and abuts the West line of parcel (015) of the exception. Parcel 6 of Boss' survey (007) is also adjacent to and abuts the West line of parcel (015). The Boss parcel division surveys are recorded in Liber 1 of Surveys, Page 153 and Page 155, Ingham County Records.

OPINION

The original two-parcel survey by White and its further extension by Boss both identify and establish the center line of the Holt Road pavement as the South line of Section 18. Further, the White and Boss surveys identify and establish the existing North-South farm fence as the North and South 1/4 line of Section 18. Richard and Beth Bisel were shown the surveyed parcel corners, set by White, when they first occupied the parcel in November of 1968 and relied on them to be their true possession. I have retraced the White and Boss surveys and have found and/or reset obliterated parcel corners for the five contiguous parcels. The five parcels as originally laid out, although not conforming with the South line and the North and South 1/4 line of Section 18, as later identified and established by Helsel and Enger, should remain in the positions as established by Fred White and Oscar Boss. The parties that occupied the lands have acquiesced to those property-controlling positions as first surveyed and staked by White and Boss. Recognition and acquiescence for a long period of time afford strong evidence the center line of Holt Road pavement and the old North and South 1/4 line farm fence, so recognized is, in fact, the true line.

My opinion is subject to judicial review as to the legal effect.

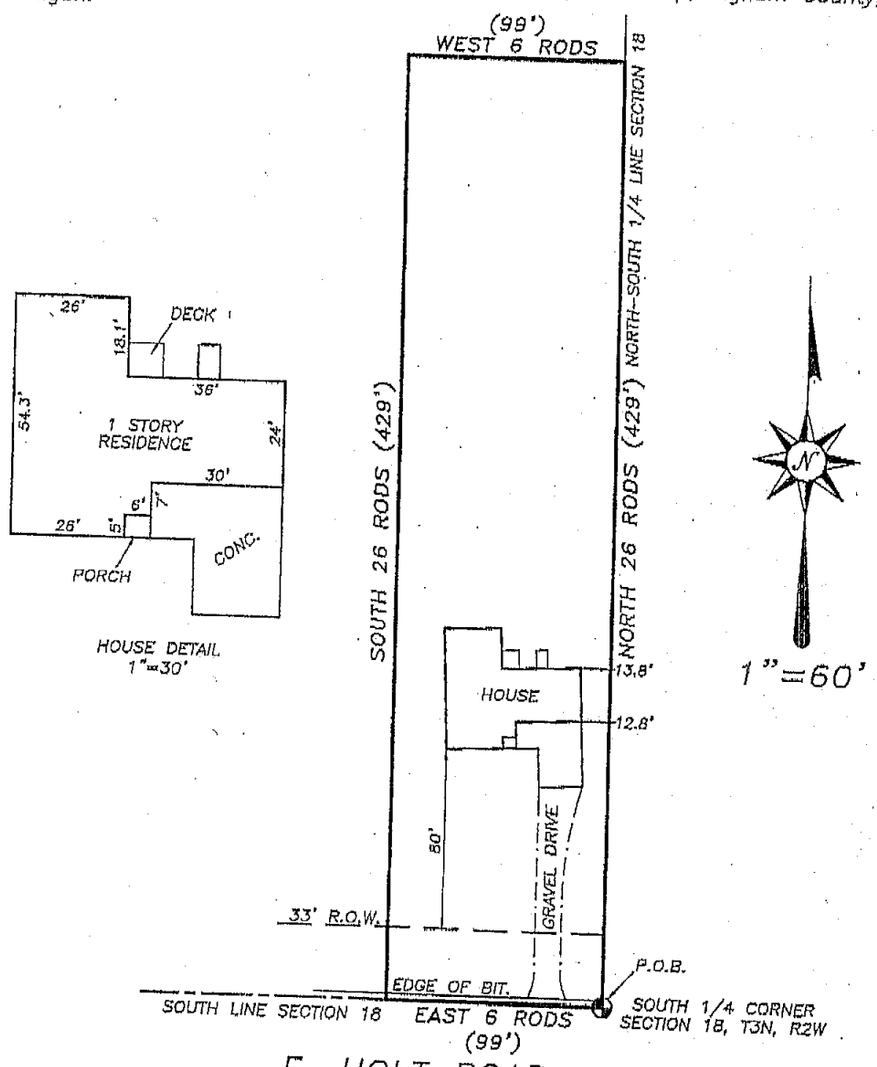
SURVEYOR'S MORTGAGE REPORT

For: Michigan State Federal Credit Union
200 E. Jolly Road
Lansing, MI 48910

Buyer: Volunteers Of America, Michigan
2685 Holt Road
Williamston, MI 48895

Legal Description: (As Furnished)

Beginning at the South 1/4 post of Section 18, T3N, R2E, Leroy Township, Ingham County, Michigan; thence North 26 rods; thence West 6 rods; thence South 26 rods; thence East 6 rods to the place of beginning, being a part of the Southeast 1/4 of Section 18, T3N, R2E, Leroy Township, Ingham County, Michigan.



We hereby certify that we have surveyed the property herein described; that the buildings and improvements as shown are entirely within the property lines; and that there are no visible encroachments upon the above described property, except as shown hereon.

Note: This document was performed for mortgage purposes only. Dimensions from boundary lines to improvements are approximate and should not be used to establish property lines. Fences, (if any) plotted on property lines are intended to indicate that these fences are on or near the boundary lines of this parcel. A certified boundary survey is needed to accurately define the limits of this parcel.

CERTIFICATE OF SURVEY:

I hereby certify to the parties named hereon that I have surveyed a parcel of land within:

Beginning at the SE corner of Section 18, T3N, R2E, Leroy Township, Ingham County, Michigan; thence West 1011.19 feet along the South line of said Section 18; thence N00°51'47"E, 666.50 feet to the centerline of Doan Creek; thence N88°44'41"E, 873.43 feet along the centerline of Doan Creek to a point of curvature; thence 70.69 feet on the centerline of Doan Creek on a curve to the left, said curve having a radius of 66.51 feet and a chord length of 66.74 feet, bearing N55°16'38"E; thence continuing along the centerline of Doan Creek, N21°48'35"E, 186.53 feet to the East line of said Section 18; thence along said East line of said Section 18 S00°14'28"E, 869.77 feet to the point of beginning.

and that I have permanent markers to all corners of said parcel and the more particular surveyed description of said parcel is as designated hereon.
This survey complies with the requirements of P.A. 132 of 1970.
This survey was performed with an error of closure no greater than a ratio of 1 in 40,000 based upon unadjusted field datum.

CERTIFIED BOUNDARY SURVEY

CERTIFICATE OF SURVEY: Liber 8 Page 235

I hereby certify only to the parties named hereon that we have surveyed and divided into several parcels, at the direction of said parties, a parcel of land previously described as:

That part of the W 1/2 of the NW 1/4 of Section 20, T3N, R2E, Leroy Township, Ingham County, Michigan, described as: Beginning on the West line of Section 20 at a point 442.73 feet S04°09'35"E from the NW Corner of Section 20, T3N, R2E, thence N89°01'45"E, 558.00 feet; thence S04°09'35"E 468.40 feet parallel with said West line; thence S89°01'45"W 558.00 feet to a point on said West line; thence N04°09'35"W 468.40 feet along said West line to the point of beginning

and that we have found or set, as noted hereon, permanent markers to all corners and angle points of the boundaries of said parcels and that the more particular legal descriptions of said parcels are as follows:

Parcel A:
A parcel of land in the Northwest 1/4 of Section 20, T3N, R2E, Leroy Township, Ingham County, Michigan, the surveyed boundary of said parcel described as: Commencing at the Northwest corner of said Section 20; thence S04°09'35"E along the West line of said Section 20 a distance of 442.73 feet to the point of beginning of this description; thence N89°01'45"E, 558.00 feet; thence S04°09'35"E parallel with said West line 468.40 feet; thence S89°01'45"W 29.66 feet to the centerline of the Doan Creek tributary; thence along said centerline the following four courses; N29°56'17"W 58.08 feet, N35°51'06"W 49.50 feet, N66°13'05"W 94.88 feet, N58°08'30"W 129.07 feet; thence S89°01'45"W 288.50 feet to said West line; thence N04°09'35"W along said West line 266.97 feet to the point of beginning; said parcel containing 3.99 acres more or less including 0.20 acre more or less presently in use as public right of way, said parcel subject to all easements and restrictions if any.

Parcel B:
A parcel of land in the Northwest 1/4 of Section 20, T3N, R2E, Leroy Township, Ingham County, Michigan, the surveyed boundary of said parcel described as: Commencing at the Northwest corner of said Section 20; thence S04°09'35"E along the West line of said Section 20 a distance of 709.40 feet to the point of beginning of this description; thence N89°01'45"E, 288.50 feet to the centerline of the Doan Creek tributary; thence along said centerline the following four courses; S58°08'30"E 129.07, S66°13'05"E 94.88 feet, S35°51'06"E 49.50 feet, S29°56'17"E 58.08 feet; thence S89°01'45"W 528.34 feet to said West line; thence N04°09'35"W along said West line 201.43 feet to the point of beginning; said parcel containing 2.00 acres more or less including 0.15 acre more or less presently in use as public right of way, said parcel subject to all easements and restrictions if any.

Legal Description:
A part of the Southwest 1/4 of Section 18, T3N, R2E, Leroy Township, Ingham County, Michigan, described as beginning at a point on the South Section line S90°00'00"W 224.00 feet from the South 1/4 corner; thence S90°00'00"W 125.00 feet along the said South line; thence N00°00'00"E 429.00 feet; thence N90°00'00"E 125.00 feet parallel with the said South line; thence S00°00'00"W 429.00 feet to the point of beginning, containing 1.23 acres of land more or less and subject to any easements or rights of way of record.

The basis of bearing for this survey is based on assuming S90°00'00"W on the South Section Line.

I hereby certify that I have surveyed and mapped the land above platted and/or described on January 12, 2000, and that the ratio of closure on the unadjusted field observation of such survey was 1/15,000, and that all the requirements of P.A. 132, 1970 have been complied with.

CERTIFICATE OF SURVEY:

I hereby certify only to the parties named hereon that we have surveyed at the direction of said parties, several parcels of land previously described as:

The West 1/2 of the South 1/2 of the West 1/2 of the East 1/2 of Section 19, Town 3 North, Range 2 East, Leroy Township, Ingham County, Michigan. Also the East 1/2 of the West 1/2 of the Southeast 1/4 of Section 19, Town 3 North, Range 2 East, Leroy Township, Ingham County, Michigan.

and that we have found or set, as noted hereon, permanent markers to all corners and angle points of the boundaries of said parcels and that the more particular legal descriptions of said parcels are as follows:

Parcel A:
A parcel of land in the Southeast 1/4 of Section 19, T3N, R2E, Leroy Township, Ingham County, Michigan, the surveyed boundary of said parcel described as: Beginning at the South 1/4 corner of said Section 19; thence N02°48'55"W along the North–South 1/4 line of said Section 19 a distance of 2637.10 feet to the Center of said Section 19; thence N88°21'20"E along the East–West 1/4 line of said Section 19 a distance of 665.16 feet; thence S02°57'41"E 2647.34 feet to the South line of said Section 19; thence S89°12'58"W along said South line 672.19 feet to the point of beginning; said parcel containing 40.54 acres more or less, including 0.51 acre more or less presently in use as public right of way; said parcel subject to all easements and restrictions if any.

Parcel B:
A parcel of land in the Southeast 1/4 of Section 19, T3N, R2E, Leroy Township, Ingham County, Michigan, the surveyed boundary of said parcel described as: Commencing at the South 1/4 corner of said Section 19; thence N89°12'58"E along the South line of said Section 19 a distance of 672.19 feet to the point of beginning of this description; thence N02°57'41"W 2647.34 feet to the East–West 1/4 line of said Section 19; thence N88°21'20"E along said East–West 1/4 line 665.16 feet to the East line of the West 1/2 of the Southeast 1/4 of said Section 19; thence S03°06'23"E along said East line 2657.60 feet to said South line; thence S89°12'58"W along said South line 672.19 feet to the point of beginning; said parcel containing 40.69 acres more or less, including 0.51 acre more or less presently in use as public right of way; said parcel subject to all easements and restrictions if any.

CERTIFICATE OF SURVEY

For: Kenneth & Judith Christie

CERTIFICATE OF SURVEY
I hereby certify to the parties named hereon, that we have, at their direction, surveyed a parcel of land described for tax purposes as:

> BEG ON S LN OF SEC 18 AT PT 99 FT W OF S 1/4 COR OF SEC 18 -W 125 FT ON S LN OF SD SEC -N 429 FT -E 125 FT -S 469 FT TO POB ON SEC 18, T3NR2E 1.23 AC

that we performed the fieldwork for this survey between August 29 and September 7, 2006; that the tax description and the deed from Beatty to Christie recorded in Liber 2893 Page 628 show an incorrect distance in the fourth course of the property description of 469 feet, which distance should be 429.0 feet to agree with the deed to Beatty recorded in Liber 964 Page 1192; that I concluded that the parcel immediately east of the subject property was created prior to March 26, 1968, the date of a relevant deed recorded in Liber 964 Page 1190; that I construed the direction "North" and the direction "South" to be parallel with the North-South 1/4 line of the section and doing so gives the parcel immediately east of the subject property its deeded dimension of 6 rods along both its north and south boundary lines; that I am aware of a retracement survey of the parcel immediately west of the subject property recorded in Liber 8 Page 677 that construes the direction "North" and the direction "South" to be perpendicular to the south section line and that lines and markers from that re-survey encroach onto subject property as shown on the drawing and that it is my opinion that this interpretation of the description is not equitable in that that it shorts one or both of the properties to the east in that it makes them not equal distance along their north and south boundaries, which I do not believe was the intent of the seller(s) at the time the parcels were created ; that we found a marker that I believe to have been set by a surveyor, 0.4 feet south of the location that we determined to be the northwest corner of the subject property, which serves to affirm my determination for the direction of the west and east boundary lines of the subject property; that we have set permanent markers at the corners of the subject property and that a concise description of the boundary of the subject property as retraced by us follows:

CONCISE LEGAL DESCRIPTION FOR CHRISTIE'S PROPERTY
We suggest that this description be used for future conveyance of the property

> A parcel of land in the Southwest 1/4 of Section 18, T3N, R2E, Leroy Township, Ingham County, Michigan; the surveyed boundary of said parcel being described as commencing at the South 1/4 Corner of Section 18, T3N, R2E, Michigan Meridian; thence S 87°58'52" W, along the South Section line, 99.00 feet to the POINT OF BEGINNING; thence S 87°58'52" W, continuing along the South Section line, 125.00 feet; thence N 03°06'16" W, parallel with the North-South 1/4 line, 429.00 feet; thence N 87°58'52" E, 125.00 feet; thence S 03°06'16" E, parallel with the North-South 1/4 line, 429.00 feet to the point of beginning; said parcel contains 1.23 acres.

This survey complies with the requirements of Act 132 of P.A. 1970.

This survey was performed with a ratio of closure on the unadjusted field observations of 1 in 5000.
